 CITY CLERK
 C & C OF HONOLULU

The Hawaii Smokers' Alliance continues to strongly oppose bill 70. If the city council wants to make people's car payments for them then they can have a say in the smoking in cars issue.

Also there is no need for this bill since a parent can simply roll down the windows so the smoke doesn't build up.

And then there's the common sense aspect to this bill. The anti-smoking lobby wants to ban smoking in cars only to ALLOW parents to smoke in their enclosed homes. This contains zero logic because the parents will just be saving up their desire to smoke to when they get home where there is less airflow then in a moving car.

Bill 70 is an affront to our basic civil rights and should have never been heard in committee.

Power to the people, let your constituents decide this issue for themselves!
